CFO CONVERSATIONS

Distinguished by her ability to identify, leverage, and cultivate talent, Paula has many accolades to her name. Awarded CFO of the Year (2013) in the Thomson Reuters Tax & Accounting Excellence Awards, she has driven huge business turnaround projects in her roles as CFO in ASX technology companies.

Racking up over two decades in the industry in both Australia and the UK, Paula has gained considerable financial, operational and strategic management experience. From spearheading acquisitions to revenue increases of 157%, she is responsible for share price increases of 300% and an excess of \$100 million market capitalisation growth through acquisition and transition of three businesses.

From penning White Papers (Future of Work 2035) to serving on Boards; ACCA (global body for professional accountants) and a 4 year term as Chair of the Australia/NZ Members Panel, Paula has dedicated the latter part of her career to using her experience to inspire and empower others. Mentoring both clients and peers, Paula encourages individuals to acknowledge their unique capabilities and position themselves as noteworthy players in the industry. Addressing their career strategy, professional positioning, leadership development and visibility, she curates tactical plans which translate into action. It is her contagious enthusiasm and passionate belief in people that inspires them to become spirited, determined, and more valuable contributors to their organisations.

Straight talking and often offering up an unconventional perspective, she leads with a conscientious, meticulous and eloquent mind. An unapologetic Business Futurist, Paula's eye is never far off the horizon, anticipating what transformations could be game changing – for both businesses and clients alike.
